RE: **PETITION NO. 794** - Clearview Renewable Energy, LLC petition for a declaratory ruling no Certificate of Environmental Compatibility and Public Need is required for the construction, maintenance, and operation of a 29.0 MW Mixed Biomass Generating Project located at the Kofkoff Egg Farm, Bozrah, Connecticut.

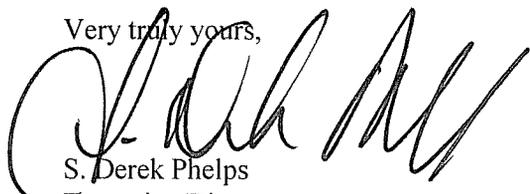

Dear Mr. Potter:

This correspondence is to confirm that I received a request from Joel Rinebold, acting on behalf of Clearview Renewable Energy LLC (Clearview), that the proposed hearing date of January 4, 2007 be postponed. That request was made by telephone on December 12, 2006.

On the basis of that request the Council did not act to schedule and notice the public hearing in connection with this matter as was previously indicated through correspondence addressed to you on December 6, 2006. Notwithstanding the provisions of Section 16-50j-40 of the Regulations of Connecticut State Agencies, the Council will not act to schedule this matter for public hearing until we hear from Clearview that they are prepared to move forward with the hearing process.

Please contact me if you have any questions or comments regarding this matter. Thank you for your cooperation and consideration.

Very truly yours,

S. Derek Phelps
Executive Director
