

## LEGAL NOTICE

Notice is hereby given of a Petition for Declaratory Ruling (“Petition”) to be submitted to the Connecticut Siting Council (“Council”) on or about October 1, 2007, by Waterbury Generation LLC (“WatGen”). The Petition will be filed pursuant to the provisions of Sections 16-50k(a) and 16-243m of the Connecticut General Statutes for the construction of an approximately 96 Megawatt combustion turbine peaking facility and associated transmission facility, including all associated equipment and related site improvements. The proposed generating facility will be constructed on a 2.25 acre parcel at 725 Bank Street, Waterbury, Connecticut. The transmission facility will extend from the generating facility to Northeast Utilities Baldwin Street Substation approximately 1.8 mile to the south. The location and other features of the proposed facility are subject to change under provisions of Connecticut General Statutes § 16-50g et. seq. Interested parties and residents of the City of Waterbury are invited to review the Petition during normal business hours at any of the following offices:
