RE: **PETITION NO. 831** – Waterbury Generation LLC petition for a declaratory ruling no Certificate of Environmental Compatibility and Public Need is required for the construction of an electric generating facility and associated transmission line tap located at 725 Bank Street, Waterbury, Connecticut.

---

The Connecticut Siting Council has identified an inconsistency exists between the deadline for public comment and the deadline for briefs and proposed findings filed by parties and intervenors set forth at the close of the hearing in this matter on February 1, 2008. At the close of hearing, the Council announced a 15-day deadline for public comment and a 30-day deadline for parties and intervenors. The Council hereby clarifies that both the public and party and intervnrns have until March 3, 2008 to submit comments in this proceeding.

The Council regrets this error and apologizes for any confusion.

c: The Honorable Michael J. Jarjura, Mayor, City of Waterbury
