Re: Waterside Power, LLC - Petition No. 836  
Prehearing Conference Handout

Dear Mr. Phelps:

On behalf of Waterside Power LLC ("Waterside"), we would like to identify the witnesses that I intend to present at hearing. Waterside will offer two witnesses, both of whom have testified in previous Council hearings on behalf of Waterside. Kenneth P. Roberts, Site Manager of Waterside, will present testimony regarding the development, construction details and operations of the proposed Project. Donald C. DiCristofaro, President of Blue Sky Environmental, LLC., will present testimony regarding the environmental permitting for the Project. We are prepared to offer pre-filed testimony from both witnesses by February 28, 2008 consistent with the Council's notice.

As part of the pre-filed testimony of Mr. Roberts, we will be including a copy of the certificate of the final decision of the City of Stamford Zoning Board of Appeals approving Waterside's proposed permanent facility. We will seek to have the Petition and the attachments marked as exhibits in the case. We also wish to submit the public version of the Master Agreement between Waterside and Connecticut Light & Power ("CL&P") as an exhibit in the proceeding.

At this time, we have no other documents that we would anticipate filing in the record in this proceeding except for those that may be requested as part of the discovery process. Nor do we have any additional materials suitable for administrative notice that we anticipate requesting that the Council include in the record of this proceeding.

Letter to S. Derek Phelps re: Petition 836

We will be providing copies of this filing to the service list by hand at the prehearing conference and by electronic mail.

If you have any concerns or questions regarding this filing, please feel free to contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "John A. DeTore". The signature is fluid and cursive, with a prominent loop at the beginning.
