RE: **PETITION NO. 973** - North Atlantic Towers, LLC and New Cingular Wireless PCS, LLC declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required to replace and expand an existing structure located at 880 Andrew Mountain Road, Naugatuck, Connecticut. Development and Management Plan.

Dear Mr. Stevens:

At a public meeting of the Connecticut Siting Council held on July 26, 2012, the Connecticut Siting Council (Council) considered and approved the revisions to Development and Management (D&M) Plan for this project, dated July 2, 2012.

This approval applies only to the D&M Plan revisions submitted on July 2, 2012. Any changes to the D&M Plan require advance Council notification and approval.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u. Enclosed is a copy of the staff report on this D&M Plan, dated July 26, 2012.

Thank you for your attention and cooperation.

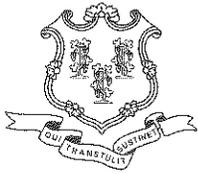

Very truly yours,

Robert Stein
Chairman

RS/RDM/laf

Enclosure: Staff Report, dated July 26, 2012

c: Parties and Intervenors
The Honorable Robert A. Mezzo, Mayor, Town of Naugatuck
Keith Rosenfeld, Town Planner, Town of Naugatuck

Petition No. 973
North Atlantic Towers
880 Andrew Mountain Road, Naugatuck
D&M Plan Revisions
July 26, 2012

On July 6, 2012, Infinigy Engineering, on behalf of North Atlantic Towers, LLC (NAT), requested revisions to the approved Development and Management (D&M) Plan for a telecommunications facility at 880 Andrew Mountain Road in Naugatuck. On April 28, 2011, the Connecticut Siting Council (Council) issued a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the telecommunications facility. On June 23, 2011, the Council approved a D&M Plan for the project. The approval of the D&M Plan required NAT to seek approval for any revisions to the D&M Plan.

At the request of the land owner and two property owners to the west, along Andrew Mountain Road, NAT has made changes to its site plans. Proposed revisions to the approved D&M Plan include:

1. Less clearing to the west of the compound to create a buffer of trees screening the view of the tower.
2. A 20-foot shift of the compound to the east.
3. A 20-foot eastward shift of the portion of the access road that would be in the wooded area near the compound. The proposed shift would allow the compound to be accessed from the north rather than the west (as originally proposed). The access gate would also be moved to the north side of the compound.

The proposed revisions are minor and the plan is consistent with the Council's April 28, 2012 Decision and Order.
