**Re: BNE Energy Inc., Petition 980, 178 New Haven Road, Prospect, CT**

Dear Executive Director Roberts:

The petitioner, BNE Energy Inc. ("BNE") is submitting the following requested documents subject to the protective order the Council has already approved in this proceeding.

1. BNE's confidentiality agreement with GE;
2. requested documents from GE that are subject to the confidentiality agreement referenced in #1 in response to the Council's fourth set of interrogatories and FairwindCt, Inc.'s third set of interrogatories.

As with the previous material filed under seal in this matter, disclosure of the Confidential Information would result in the disclosure of confidential, proprietary information to BNE and GE and thus harm its ability to compete in a competitive marketplace. The materials are being provided pursuant to the protective order in place in hard format, in a sealed envelope, clearly marked: **CONFIDENTIAL – PROPRIETARY INFORMATION** and are not being filed electronically nor are hard copies being delivered to parties of record.

Please let me know if you have any questions.

BNE ENERGY, INC.
