RE: **PETITION NO. 983** - BNE Energy, Inc. petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, maintenance, and operation of a 4.8 MW Wind Renewable Generating facility located on Flagg Hill Road, Colebrook, Connecticut.

During the evidentiary hearing for the above-referenced matter held on April 26, 2011, the Connecticut Siting Council (Council) ruled on the following motion:

1. FairwindCT, Inc./Somers/Wagner Motion to Compel Interrogatory Responses dated April 21, 2011.

FairwindCT, Inc./Somers/Wagner's motion was denied.

The Council requests that the pre-filed testimony of Robin Hirtle be notarized and resubmitted pursuant to stipulation on or before May 10, 2011.

Briefs and proposed findings of fact may be filed with the Council by any party or intervenor no later than May 20, 2011. After the Council issues its draft findings of fact, parties and intervenors may identify errors or inconsistencies between the Council's draft findings of fact and the record. No new information, evidence or arguments will be considered by the Council. No reply briefs without the Council's permission will be considered by the Council. Members of the public who are not parties or intervenors to this proceeding may submit additional written comments to the Council on or before May 26, 2011.
