Re: Petition 984, 4.8 MW Wind Generation Project, Winsted-Norfolk Road, Colebrook, Connecticut

Dear Ms. Roberts:

As you are aware, this office represents the petitioner, BNE Energy Inc. ("BNE") in the above captioned pending proceeding. The Council extended BNE's pre-filing deadline in this petition to Friday, March 25, 2011. In an effort to respond to some of the concerns raised by participants in this pending petition regarding setbacks, BNE intends to file an alternative plan set on March 25th detailing a re-location of turbine 1. In an effort to facilitate the scheduled field review for 2:00 p.m. today and to give the Council members, staff and participants to this proceeding an opportunity to view both the original location of turbine 1 and the proposed alternative location of turbine 1, both locations will be marked in the field today. Please let me know if you have any questions.

Respectfully submitted,

Carrie L. Larson
