RE: **PETITION NO. 984** - BNE Energy, Inc. petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, maintenance, and operation of a 4.8 MW Wind Renewable Generating facility located on Winsted-Norfolk Road (Route 44), Colebrook, Connecticut.

Dear Attorney Hoffman:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than November 29, 2011. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 15 copies to this office and a pdf copy. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

Yours very truly,

Linda Roberts
Executive Director

c: Paul Corey, Chairman, BNE Energy Inc.
Council Members
Parties and Intervenors

**Petition 984: BNE Energy
Colebrook North, Connecticut
D&M Interrogatories, Set Two**

1. BNE's response to Question 22 of the first set of interrogatories (Provide a profile view of the Colebrook North property with the turbines erected in place.) refers to drawings identified as Sheet P-001-P-002. These drawings, however, were not provided as part of BNE's responses. Please provide these drawings.
2. To what survey standards were the drawings included in the full set of plans for Wind Colebrook North prepared?
3. Who prepared the Conservation Plan for Colebrook North?
4. Who prepared the Decommissioning Plan?
5. Who prepared the Ice Safety Management Plan?
6. Who prepared the noise monitoring plan?
7. Will BNE conduct noise monitoring at any locations along its property line? If so, provide a map showing these locations?
