RFP # CSC2008_1847

QUESTIONS AND RESPONSES 3rd Set

- On page 8 of the RFP, the State asks for financial statements. Will the State sign a non-disclosure with each firm to ensure confidentiality? What safeguard will the State deploy in holding our financial information private.

The financial information is provided to the Connecticut Siting Council (Council) given in confidence, not required by statute; therefore, it is exempt from disclosure to the public under Connecticut General Statute §1-210(b)(5)(A) and (B). The Council will also give notice to any proposer if a request for this type of information is received by the Council.

- Is this RFP limited to Connecticut-based firms?

No.
