### Introduction

**Purpose:** The purpose of this assessment is to provide a summary of how things have been going in your life. The information collected will be used only to identify and address problems that you may want assistance with and to help us evaluate our own services.

**Format:** This assessment has questions about what has been going on in your life across a wide range of areas, including your physical and mental health, stress and risk behaviors, and life satisfaction. You will be able to say you do not know or refuse to answer any question that you do NOT want to answer.

**Length:** Depending on how much has been going on in your life, it will take about 20-45 minutes to complete. You will be able to take a break if you need to.

**Privacy and Confidentiality:** Your answers are private. All research and clinical staff with access to your answers understand this restriction and have agreed to resist sharing your specific answers without your prior written consent. This includes giving information to family members, other individuals, other treatment agencies, social work agencies, criminal justice agencies and other agencies.

Your confidentiality is also protected under the Privacy Act of 1974, the Health Insurance Portability and Accountability Act (HIPAA) of 1996, and the Health Information Technology for Economic and Clinical Health (HITECH) Act of 2009. (READ IF APPLICABLE): We have also obtained a certificate of confidentiality to prevent us from being forced to give any information to the court.

There are, however, two exceptions. First, we are mandated to report child abuse or if you are presently a danger to yourself or others. Second, officials from the federal government have the right to audit us to check to make sure we have protected your safety and accurately reported what we have done.

Any questions?

### A3. Timeframe Anchoring

Several questions will ask you about things that have happened during the **past 90 days**. To help you remember this time period, please look at the calendar. First, let's find today's date and circle it.

Next, count back 13 weeks to about 90 days ago and circle that date. Do you recall anything that was going on about (DATE 90 DAYS AGO)?

(PROBE FOR SPECIFIC EVENT. **IF UNABLE TO RECALL:** Do you remember any birthdays, holidays, sporting or other special events that happened around (DATE 90 DAYS AGO)? Did anything change in terms of where you were living, who you were with, whether you were in treatment, work, school or jail? Where were you living then? Were you in treatment, working, in school, or involved with the law then?)

A3a1. Record anchor for 90 days: v. \_\_\_\_\_

When we talk about things happening to you during the past 90 days, we are talking about things that have happened since about (NAME 90-DAY ANCHOR).

#### *Additional Administration Instructions*

Please keep this calendar handy and use it as we go through the interview to help you remember when different things happened.

As we go through the questionnaire, I will read the questions and record your answers. It is important that you try to answer each question if you can and are willing to. You may not always know the exact answer, but I would like you to give me your best guess if you can. You can also tell me if you simply do not know or if you do not want to or refuse to answer any questions. I also have some cards here that we will use to help answer some of the questions.

Do you have any questions before we begin?

In this first section, I am going to ask you some very basic questions about yourself.

A4a. In a few words, can you tell me why you are here today? (What is your main reason for coming to treatment?) (Do not ask "Any others")
