| <b>Budget Update:</b>   | <p><b>DCF CJA Budget Update-</b> The budget was presented to the task force.</p> <p><b>Village Budget</b> was shared with the Task force. Members discussed the unencumbered funds.</p> <p><b>Unencumbered Funds-</b> After review of the above, the executive committee chairs report that we have \$50,000 of unencumbered funds that we will be looking to re-allocate.</p> <p>There was a vigorous discussion around the process for hearing proposals. It was decided to hear all proposals and vote on each as they were presented</p> <p><b>Kevin Doyle-</b> Presentation on request for funds for Training on Abusive Head Trauma in Paris. Discussed the impact on GTFJAC if allowed to attend the training in Paris. As a presenter, he would also make contacts nationally and internationally that would benefit the state. He has been the go to Prosecutor on this issue and a resource to other prosecutors in the state. The comment was raised around the perception of using government funds to travel to Paris. There was a response that this conference travels to a variety of sites and is the International Conference on Shaken Baby, and it is of note that a Prosecutor has been selected to present at this conference. Another member noted that cases have been lost when defense brings in a shaken baby expert. Prosecutors in Connecticut need to have increased resources in this area.</p> | <p>There was a motion to end discussion on the Kevin Doyle proposal. <b>It was moved and properly seconded. The training will provide participants with a broad scope of knowledge regarding the mechanisms of death typically found with child deaths, as well as specific information and strategies for properly investigating the cases. The course also provides practical exercises for reconstructions of infant deaths and delves in-depth into cases for discussion. There was discussion around the possibility of hosting this training in another area of the state as well.</p> <p><b><u>Abusive Head Trauma Conference</u></b><br/>The Connecticut Children's Alliance in partnership with the Abusive Head Trauma Working Group would like to propose a one and a half day seminar that will address the importance of a unified and coordinated approach to investigating severe physical abuse cases. The seminar will consist of a plenary welcome followed by several breakout sessions. The breakout sessions will seek interaction with the audience through questions and discussions. The seminar will seek to develop and foster strong working relationships among the various disciplines involved in the investigation and healing process of severe physical abuse cases.</p> <p><b><u>NCA Leadership Conference in Washington DC in June 2014</u></b><br/>Support for 2 - 6 MDT coordinators or members to attend the NCA Leadership Conference in Washington DC</p> <p><b>Description of how the suggestion relates to CJA objectives and GTF recent focus areas:</b><br/>The objectives of the CCA are in sync with CJA and GTF: to allow MDT/CAC providers to respond to child abuse victims in a timely and child friendly manner; to reduce trauma to children by ensuring coordinated response, timely information sharing, reducing the number of interviews required for successful investigations/prosecutions. The provision of a travel award for the Leadership conference will permit the state's providers to meet these objectives via the workshops, panels, lectures, and information sharing offered at this conference.<br/><b>Timeline:</b> Travel arrangement and conference registration to be completed by April 30, 2014; travel to be completed in June 2014.<br/><i>We are requesting GTF funds for at least two coordinators (new since last year's conference) and up to 6 participants (any number of MDT members/disciplines would benefit from this conference; in particular MDT/CAC Exec. |                                       | <p>confusion<br/>           There was a question around translating the brochure into other language. If this is done it will need to be completed by a certified translator. There was a suggestion to pilot the brochure and then translate it into Spanish. There was a comment that the human connection can be more valuable than the brochure. It is really the people contact that will make the difference. The families are in crisis at the moment and they go back to the brochure days or weeks later to reference the resources that are needed. This is something tangible that they can have when what they are going through is often not tangible to them.</p> <p><b>Juvenile Court Guides, \$5,000</b><br/>           In 2008, with the assistance of the Governor's Taskforce on Justice for Abused Children, CONNSACS created a booklet entitled <a href="#"><u>Sexual Assault and the Juvenile Court Process, A Guide for Victims/Survivors and Their Families.</u></a><br/>           The guide provides vital information about the juvenile court process and has helped numerous families become aware of their rights as crime victims, learn what assistance is available to them, and gain knowledge about court procedures. The guides contain a timeline for court proceedings; a glossary of terms; a list of "Who's Who"; along with tips to help victims and families prepare for court.</p> <p>Knowledge of the challenging court process can empower victims and their families who want to engage in the system. The guides have been well received and support our collective effort to limit additional trauma to the child victim through the sharing of information.</p> <p>CONNSACS and our member programs continue to receive requests for this publication, which is now out of print. We are requesting \$5,000 to print 1500 - 2000 new booklets by June of 2014. A committee will be created in Winter 2014 to update and revise the guide before reprinting a second edition in Spring 2014.</p> | <p><b>seconded.</b><br/> <b>Voswinkel/Signorelli</b><br/> <b>M/S/P 12Y/2N</b></p> <p>There was a motion to support the funding for Juvenile Court Guides for \$5,000. <b>It was moved and properly seconded.</b><br/> <b>Voswinkel/Bey-Coon</b><br/> <b>M/S/P 12Y/2N</b></p> |
| <p><b>GTF Coordinator Update:</b></p> | <p><b>CJA Grantee Meeting:</b><br/>           The annual CJA Grantee meeting will be held in New Orleans, LA in conjunction with our 19<sup>th</sup> National Conference on Child Abuse and Neglect from April 28-29, 2014. Kristen Clark and Tammy Sneed will attend the meeting in accordance with the requirements. Additionally, DCF will present a workshop on the state's efforts in the area of domestic and human trafficking.</p> <p><b>CJA Application Timeline:</b><br/>           March 2014 – CJA Budget Approved by GTFJAC<br/>           March 2014 - Request for updates from partner agencies, committee and workgroup chairs<br/>           April 2014 – Draft of Application is completed by GTFJAC Coordinator<br/>           May 2014 – Draft of Application submitted to DCF for review<br/>           May 2014 – Final Application, Letter from the Governor and Lobby Certification Submitted to HHS</p>  |  |
| <p><b>CCA Director Update:</b></p>    | <p>CCA is hosting the Abuse Head Trauma working group, an assembly of medical and judicial professionals and MDT Coordinators. As you saw in the proposals submitted both a training is being planned.<br/>           Recently CCA held a Member Development Day at The Guest House in Chester. This day-long retreat consisted of team building, vision planning, and training on chapter expectations and activities. Additionally we celebrated the progress we have made as a nonprofit, since becoming incorporated in late 2009.<br/>           We are in the early stages of development of statewide activities for April - Child Abuse Awareness and Prevention Month.<br/>           Our 2012 audit was completed with no recommendations.</p>   |  |

| <p>Originally, part of the Redesign was to include an All Team First Round Wrap-Up. The MDT Evaluation Committee decided to forego this meeting at this time and instead write a report on the First Round process to present to GTFJAC. The report is scheduled to be presented to the GTFJAC Executive Committee in February and then the March 2014 quarterly meeting. Teams will also receive a copy of the report.</p>   |  |                         |                           |   |  |                      |     |                |                         |                           |                                 |                 |         |      |         |                 |          |   |           |       |          |                 |          |  |                 |      |          |                   |         |  |            |      |         |                   |         |  |         |      |         |                   |         |  |           |      |         |                 |         |  |              |  |  |  |  |  |
