

Prevention

From last meeting on 7/10/13 for subcommittee:

**** in addition to these at this time we are also trying to work on the goals of defining prevention and also increasing our group membership

Goals for quarter (July to September):

- 1) Define coverage area of DCF for Hartford/Manchester offices
- 2) Locate specific services that are already within the coverage areas (i.e. medical, therapeutic, basic needs, pro-social, etc.)
- 3) Progress monitoring of DRS/FAR (i.e. how many families serviced, any program gaps, etc.)

What we need from DCF:

- 1) DRS/FAR numerical data
- 2) Information confirming coverage area for Hartford/Manchester DCF offices
- 3) Information on what program/services are DCF funded as supporting each coverage area (i.e. EMPS for Hartford, Bloomfield, Plainville New Britain, etc.)

Next steps:

- 1) Working on identified goals.
- 2) Establishing an ongoing way of meeting
- 3) Identify/document any other committees that focus on prevention
