## Just A Click Away.

As a Connecticut-licensed physician, you can help identify patterns of potential misuse, diversion and abuse, while providing better patient care, through the Connecticut Prescription Monitoring and Reporting System (CPMRS).

### Here's how better data means better care:

- Comprehensive patient controlled substance prescription records
- Immediately available online 24/7
- Allows prescribers and pharmacists to work together to monitor prescription drug use.

Visit the Prescription Monitoring Program's website at [www.ct.gov/dcp](http://www.ct.gov/dcp) for more information and to sign up for your free CPMRS Account.
