Agenda

1. Introduction of members and organization
2. Discussion of Surrounding State Report
3. Adjournment

Discussion/New & Old Business

1. The group was called to order by acting Chairman Tom Santa and turned over to Frank Greene. Relating to the organization of the Board it was discussed that two members, Mr. Glynos and Mr. Michell have not responded to invitations or attended a meeting in three years. It was agreed that Director Greene should approach Commissioner Harris about this and ask that these two members be replaced on the Board. Chris Herb, Executive Director of the Connecticut Energy Marketers Association, representing the heating and motor fuel wholesalers and retailers has been asked to submit names for possible replacement. Members of the Board were also asked to submit names to Director Greene. Once the new members have been decided on the Board will have a brief meeting to confirm the membership.
2. The report to the Energy and Technology Committee of the Connecticut General Assembly. The report was reviewed and approved by the Board on a voice vote, see attached. It should be noted that Board member Paul Hoar had some reservations related to how the statute is interpreted but agreed to deal with that as a separate issue.
3. A motion was made and seconded to adjourn.
