The proposed changes are summarized as follows:

The Department's proposed regulation adds "synthetic marijuana" compounds and the substances "Salvia Divinorum" and "Salvinorin A" to the list of controlled substances, pursuant to Public Act 2011-73 (Senate Bill 1098)

The proposed regulation also adds Mephedrone (4-methylmethcathinone); and MDPV (3,4-methylenedioxypropylamphetamine) to the list of controlled substances, pursuant to Section 3 of Public Act 2011-210 (House Bill 6554). These substances, commonly known as bath salts, have recently been the focus of drug abuse.

The proposed regulations alter the list of controlled substances set forth in section 21a-243-7 of the current regulations. The updates are due to statutory changes.

This regulation amends existing regulations as stated above. The amended regulations do not change the enforcement actions that may be taken against a registrant or licensee for violations of these regulations.
