

## **SMALL BUSINESS IMPACT STATEMENT**

Prior to adopting a new section or amendment, Section 4-168a of the Connecticut General Statutes (C.G.S.) requires that each state agency consider the affect of such action on small businesses as defined in C.G.S. Section 4-168a. When such a regulatory action may have an adverse affect on small businesses, C.G.S. Section 4-168a directs the agency to consider regulatory requirements that will minimize the adverse impacts on small businesses if the addition of such requirements (1) will not interfere with the intended objectives of the regulatory action and (2) will allow the new section or amendment to remain consistent with public health, safety and welfare.

State Agency submitting proposed regulations: **Department of Consumer Protection**

Subject matter of Regulation: **Swimming Pool Builders and Contractors**

Date of Agency analysis: **November 26, 2012**

### **Check the appropriate box:**

- The regulatory action will not have an affect on small businesses.
- The regulatory action will have an affect on small businesses, but will not have an adverse affect on such small businesses.
- The regulatory action may have an adverse affect on small businesses, and no alternative considered would be both as effective in achieving the purpose of the action and less burdensome to potentially affected small business. Alternatives considered include the following:
- (1) The establishment of less stringent compliance or reporting requirements for small businesses;
  - (2) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
  - (3) The consolidation or simplification of compliance or reporting requirements for small businesses;
  - (4) The establishment of performance standards for small businesses to replace design or operational standards required in the new section or amendment; and
  - (5) The exemption of small businesses from all or any part of the requirements contained in the new section or amendment.
- The regulatory action will have an adverse affect on small businesses that cannot be minimized in a manner that is consistent with public health, safety and welfare.

The Department of Consumer Protection **notified** / (did not notify) the Department of Economic and Community Development of its intent to take the proposed action, and **completed** / (did not complete) the Agency Fiscal Estimate of Proposed Regulations.

With this regulation, all businesses wishing to install swimming pools will be required to obtain a license from the Department. Licensure helps assure the competency of each installer, whether a small or large business, by requiring an examination and continuing education covering relevant skills. There is no other alternative to accomplish the Department's goal of protecting the public safety than by creating this new license. Continuing education requirements add a cost to licensees, but promote the public health and safety. Some of the current installers who are small business may not wish to become licensed pursuant to this proposed regulation or may not pass the examination, resulting in an adverse impact on those businesses because they may no longer engage in swimming pool installation.
