A-Correspondence Received

A-1 Memo from NCEES dated 11/10/14. Re: Notice of future changes to NCEES Exams and Supporting Materials. (Dist. 4)

For information only, no action required.

C-Old Business

C-1 Administration of Engineering and Land Surveying exams by NCEES. NCEES will administer the exams for Connecticut candidates beginning with the April 2015 administration. NCEES will administer the CT 2-hr state exam, however the scoring will be the responsibility of the Connecticut board until the department can come up with another alternative.

C-2 The Board agreed with the Department's interpretation regarding licenses that have lapsed over five years; that if an individual who once held a license that expired over five years may apply with a new application, pay the reciprocity application fee as long as the individual has been continuously practicing engineering or land surveying in another jurisdiction. The Board issued the following policy regarding reinstatements.

Policy Regarding Reinstatements

- 1) A Connecticut licensee who allows the license to lapse for a period not to exceed five (5) years shall be reinstated with the same license number upon payment of all back fees, and submission of a notarized statement documenting designs produced during the period when the license was lapsed.**

- 2) A Connecticut licensee who allows the license to lapse for a period of more than five (5) years may be considered for reinstatement following review of a new application and submission of a notarized statement documenting the designs that were produced during the period that the license was lapsed.**

Upon reinstatement, and payment of back fees, the licensee will retain the original license number.

- 3) A licensee who held a Connecticut license prior to leaving the jurisdiction of the State and allows the Connecticut license to lapse for a period more than five (5) years, may be reinstated upon submission of an application for reciprocity if the licensee has been continuously licensed and working in another jurisdiction and demonstrates experience satisfactory to the Board.**

If the Board approves the reinstatement, the applicant will be re-issued the original license number.

- 4) If the applicant has lapsed more than five years and he has not been working continuously in another jurisdiction, he would need to file a new application and pay the back fees.

Motion made by (5) seconded by (1) to approve this policy. Motion carried

G-Other Items

G-1 Richard J Barlow to address the Board regarding the proposed definition for a “qualified Professional engineer” of the draft for DEEP general permit. (Dist. 4)

Mr. Barlow spoke before the Board regarding DEEP revising a general permit for storm water and stated that the DEEP has developed the term for a qualified engineer which goes beyond the definition of a professional engineer. Mr. Barlow is requesting assistance guidance from the Board.

**Motion made by (9) seconded by (8) to adjourn. Motion carried.
Meeting adjourned at 10:30 am.**

The next meeting is scheduled for January 13, 2015.
