Old Business

C-1 Memo from Richard M Hurlburt, Director of Occupational and Professional Licensing Division- US court ruling regarding North Carolina Dental Board.

Assistant Attorney Peter Huntsman provided the Board with the background information regarding the case of the North Carolina Dental Board. The dental registration board which consisted of six active market dentists, one active market dental hygienist and one public member decided that teeth whitening was the practice of dentistry. The 6 dentists on the Board started to send out cease and desist orders without going through proper procedures. The Dental Board felt that they were protected under the state. However, it was found that there was no record of these proceeding and charged the board with anti-competitive conduct.

Attorney Huntsman advised the Board that this would not be an issue with the Board since the Board follows the department's procedures.

If the Board was to issue a declaratory ruling, the board would have to hold a hearing, provide a notice for the opportunity to be heard and the proposed decision would be written by someone not part of the Board.
