

Sec. 10-290a. Advisory services re school plant planning. The Commissioner of Construction Services, in consultation with the Commissioner of Education, shall provide advisory services to local officials and agencies on long range school plant planning and educational specifications and review the sketches and preliminary plans and outline specifications for any school building project and the educational program which it is designed to house and advise boards of education and school building committees regarding the suitability of such plans on the basis of educational effectiveness, sound construction and reasonable economy of cost, including energy economy and efficiency.

Sec. 10-290b. Publication and distribution of information. The Commissioner of Construction Services, in consultation with the Commissioner of Education, shall arrange for the collection, publication and distribution of information on procedures for school building committees, building methods and materials suitable for school construction and on relevant educational methods, requirements and materials, and shall furnish such information to towns or regional school districts planning school construction. The Commissioner of Construction Services, through the school construction economy service, shall from time to time inform local officials and agencies involved in school construction of the services available under sections 10-290a to 10-290d, inclusive.

Sec. 10-290d. Conveyance of air space over schools. Any municipality, with the approval of the Commissioner of Education, may convey any type of interest in air space over land used for school purposes to a private developer for residential or commercial uses or to a quasi-municipal or public nonmunicipal corporation. Said conveyance shall be made upon the recommendation of the chief executive officer with the approval of the legislative body of the municipality.
