

The Connecticut Family Support Network exists to help families raising children with disabilities and special health care needs.

## The Connecticut Family Support Network Presents

### ***Presentation on Summer Camps and Recreational Activities for Children with Special Needs***

The CT Family Support Network will host a presentation on Summer Camps and Recreational Activities for children with special needs. The presentation will offer parents an opportunity to meet with representatives from local and statewide camps, share information with other parents and discuss funding resources.

If you are a parent or guardian of a child with special needs and you are wondering:

- \* ***What will I do for summer programming?***
- \* ***What will I do after summer school is over?***
- \* ***What camps have other children with special needs gone to and did they like them?***

## Join us at a presentation near you!
