

# Job Coach Training

Are you ready to improve your Job Coaching skills? Do you know the best way to support students who are in worksite placements through your school or in the Level Up program?

Through this training, you will learn best practices to work with students in employment settings and gain effective job coaching methods to help students become independent workers. You will receive a training manual, a Certificate of Completion and skills to help you blend school services with the new Level Up services provided through DORS.

## Training Topics include:

- Role of a Job Coach
- Employability Skills Checklist/Task Analysis
- Assessments — Transition & Vocational Rehabilitation
- Industry Skills Standards
- Social Interaction Skills/Job-Related Behaviors
- Executive Functioning Skills
- Disability & Employment Legislation
- Student Self-Advocacy & Independence
- Safety Standards
- "Scaffolding" -VS- "Fading Out"

Presented by The Capitol Region Education Council (CREC) and  
The Department of Rehabilitation Services (DORS)

.....
