Information provided by the provider describing their agency:

SARAH SENECA Residential Services, Inc. evolved from the Shoreline Association of Retarded and Handicapped Citizens (Sarah). Sarah was established in 1957 by a small group of families with children who had developmental disabilities. At that time the only option available to individuals with disabilities was confinement to one of Connecticut's institutions.

These families wanted their sons and daughters to remain active members of their communities. Together they started a revolutionary process that soon culminated in the creation of supported homes, a school, and a number of small business opportunities which employed the skills that these individuals could provide to the community.

SARAH SENECA Residential Services, Inc. is a private, not for profit human service agency that provides individualized residential and day support services for individuals with developmental disabilities. These disabilities can include intellectual disabilities, Autism, Down syndrome.

SARAH SENECA currently supports individuals in the Connecticut Shoreline towns of Branford, North Branford, Guilford, Madison, and Clinton.

Those individuals served by SARAH SENECA are Medicaid recipients who are also funded through the State of Connecticut's Department of Developmental Services (DDS).
