Information provided by the provider describing their agency:

Our twenty-four hour supported living homes provide individuals with the assistance they need in order to achieve their goals in life. The individuals receive assistance with finances, household obligations, meal planning and preparation, health needs, outside activities and social gatherings and numerous other life skills.

The level of support provided is dependent on the individual needs of each client. We work to promote self determination which places the served individual at the center of their plan. Helping People Excel, Inc. works closely with family members and the Department of Developmental Services case managers, as well as state and federal agencies when applicable. Our hope is that with our support and resources each person will be able to see their full potential and work to achieve their goals.
