Provider Profile

Information provided by the provider describing their agency:

I have been providing nursing supports for individuals with developmental disabilities for the past 20 years. I obtained my national certification in the field of developmental disabilities in 1997. I partnered and started a company in 2001 that provides nursing supports to over 20 agencies in the state of CT. We recognized a need for trained nurses to working in this field and we provide an extensive orientation to all nurses we hire. I was one of the founding members of the Connecticut Development Disabilities Nurses Association and remain active in the organization. I am excited to be part of this new venture in caring for individuals in the community in order to meet their increasing health needs.
