## About the Roaring 20's

The Roaring 20's Antique and Classic Car Club was formed in 1969 with one basic principle:

**"The Preservation of the Antique Mode of Automobile Transportation."**

Over the years, that theme has stood the test of time as our Club and its endeavors have grown. Our annual car show in Southbury, CT, held the third Sunday in September, is one of the largest antique and classic car shows in New England.

Through the help of our Members, friends, and fellow car enthusiasts who support our show, the Roaring 20's has donated more than \$350,000 to the residents of the Southbury Training School, a state home for mentally challenged adults.

The Roaring 20's is a Family Club. It is not even necessary to be an antique automobile owner to become a Member. All that's needed is an interest in the hobby and the desire to have fun.

### Questions? Want to know more?

Just ask any Club member or Club Officer for information about our Club. Feel free to join us as a guest at one of our monthly meetings prior to submitting an application. Everyone is welcome.

We hope to see you soon!

The Officers and Members of the Roaring 20's would like to thank all of our fellow car enthusiasts who have helped to make our Show the great success that it has been for nearly four decades. Your support is what enables us to continue to improve the lives of the Residents of the Southbury Training School year after year. **THANK YOU.**
