Re: Torrington Transfer Station  
Old Dump Road, Torrington, CT

Dear Ms. Oakes:

Enclosed please find your copy of the Approval of Registration Certificate for CRRA's solid waste transfer station located on Old Dump Road in Torrington, Connecticut. Staff of the Waste Engineering and Enforcement Division of the Department of Energy and Environmental Protection (the "Department"), have evaluated your request for a variance from the limitations of the Municipal Transfer Station General Permit (MTS GP). Your request pertains to the authorized duration that the solid waste may be stored on the tipping floor.

The MTS GP provides authorization for a Registrant to store up to 500 cubic yards (cy) at any time and for no longer than twenty-four (24) hours. Your request for variance seeks authorization to store solid waste for a period not to exceed forty-eight (48) hours with the exception of legal holiday weekends. Your request is hereby approved with the condition that the 48 hrs begins when the solid waste is received at the facility and that the solid waste is processed on a first in first out basis.

Please also find the forms to be used for quarterly reporting in accordance with Condition No. I.5.J. of the Appendix of the General Permit, pursuant to Section 22a-209-9(p) of the Regulations of Connecticut State Agencies (RCSA). Any correspondence regarding the required reporting shall be addressed to: Attention Solid Waste Program Reporting, Bureau of Materials Management and Compliance Assurance, CTDEEP, 79 Elm Street, Hartford CT 06106-5127.

The Municipal Transfer Station General Permit is available for your review at the Department of Energy and Environmental Protection's Website:
