The surveyor's license status was verified using the State's eLicensing Website and so the stamp was not deemed necessary. If you are submitting a formal comment requesting that a stamp be provided on the survey, I can forward the request to the applicant for a stamped copy to be submitted.

Thanks,  
Colin.

Cynthia,

Find attached property map that was submitted with the site plan set for the application.  
Hope this helps.

Colin.

Did you receive a property line survey from the applicant?

I do not see a map that shows the property line for the Strand/BRC property or that identifies adjacent property owners.

Best,
