Dear Mr. Clark:

I am a long time Stamford, CT resident and am writing to express my support for the Bridgewater application. I feel it should be approved. We need the jobs and the commitments of business like Bridgewater to stay in Connecticut and expand. Bridgewater is the largest and possibly most successful hedge fund / asset management firm in the country; it is to our state's credit and best interests, including employment and tax revenues, that such a firm remain here. The future of Connecticut depends on business like Bridgewater.

Please approve their application. Thank you.

Best regards,
