Re: Boatyard Proposal 205 Magee Ave. Stamford, CT 06902

Dear sir,

I'm writing to express my deep concerns regarding the proposed location for a boatyard located at 205 Magee Ave. Stamford, CT 06902

Living at 43 Harbor Drive in Stamford, CT, I have a full view of this area being considered for a boatyard and am opposed to the construction of said boatyard. My serious concerns include the wetlands that will be destroyed, the dredging of the channel that will be invasive to all who live and work in this area and the churning-up of toxic soil and mud affecting the fish and wildlife that is so much a part of Stamford's beauty.

My other concerns are:

- The additional street traffic that inevitably be increased

- The additional noise and vibration factor invading this residential area

- The additional lighting infringing on our privacy

- The inevitable destruction of our overall ecosystem in this area that enhances the Long Island Sound.

Thank you for your kind consideration over this serious matter.

Louise Meyer
