Kenneth, the proposed boatyard is inadequate. Mostly all the boats that were using the Brewer's yacht haven west were all over 30'. I believe 90 percent for winter storage, over 30' and in the hundreds. I am a Stamford resident of 29 years and now have to go to Stratford Ct. with my boat for winter storage and maintenance. Shame full now, I must also share in the assistance of tax rebates given to the proposed largest hedge fund corporate facility . The 3.5 acre proposed boatyard on Magee Ave. does not replace what now is lost for Stamford boat owners and other water dependent uses. I am asking not to grant an application for a boatyard at Magee Avenue. This does not solve the issue.
