Ozone Season NOx Emissions by NBP Sources in CT

Ozone Season Average NOx Emission Rate of NBP Sources in CT

Ozone Season Heat Input by NBP Sources in CT

CAIR-ful Consideration

- ✦ CT's proposed budget under CAIR beginning in 2009 is **2559** tons (for units designated by EPA as CAIR units).
- ✦ Of 2,955 tons emitted from CT's NBP units, **2469** tons came from CAIR units and **476** tons came from non-CAIR units.
