Making “Doing the Right Thing” the “Path of Least Resistance”

Jane K. Stahl
Deputy Commissioner
Strong Enforcement

- Assure consistent application of Department policies and practices resulting in delivery of timely and predictable enforcement
- Set enforcement priorities through the identification of sectors or geographic areas where there are environmental problems or areas of high non-compliance
  - Link enforcement priorities to Landscape Stewardship priorities
  - Link enforcement priorities to Environmental Justice benefits
- Expand enforcement tools: move forward with civil penalty regulations in pilot areas
- Identify appropriate vehicles to publish enforcement initiatives and actions
Provide Regulatory Certainty, Focus on Environmental Outcomes, Offer Permit Flexibility

- Enhance managerial capacity in regulatory programs and conduct systems review of specific programs to analyze efficiency and effectiveness
  - RCRA,
  - NPDES
  - Remediation
- Engage EPA through Performance Partnership Agreement planning in identifying permitting priorities and processes which maximize environmental benefit and permit flexibility
Provide Regulatory Certainty, Focus on Environmental Outcomes, Offer Permit Flexibility

- Engage in the development of meaningful environmental measures which can inform and drive permitting priorities, processes and flexibility
- Link permitting priorities to Landscape Stewardship priorities
- Publish regulatory interpretations of general application on the Web, beginning with RSR interpretations
Environmental Justice

- Implement select recommendations of the Model Multi-Cultural Public Participation Workgroup including
  - Enhance legal notice language
  - Identify and utilize more effective mechanisms/outlets for notices
  - Create a model for enhanced public participation requirements in EJ communities

- Identify enforcement priorities on efforts to protect EJ communities

- Enhance efforts and opportunities to broaden EJ communities participation in grant programs and on advisory boards
E-Government

- Establish a workgroup which includes the regulated community to prioritize and identify potential mechanisms to achieve electronic information sharing between and among the regulated community, DEP and EPA.
