

Approved Prices for Connecticut DEEP-approved Covered Electronic Recyclers (“CERs”)

The DEEP-approved CERs are authorized to bill manufacturers at the rates indicated below. The recycling fee is for eligible costs related to the transportation and recycling of covered electronic devices. The separation fee is for devices set aside at the request of a manufacturer. All manufacturers have the right to request that their branded products be set aside for transportation to a recycler of their choice. The regulations also allow for a CER and a manufacturer to enter into an agreement that allows the CER to vary the per pound price approved by the commissioner.

CER Name	Approved Recycling Fee (per pound)	Approved Separation Fee (per pound)
Ecovanta, LLC	36 cents	27 cents
Electronic Recyclers International – Mass. Inc.	34 cents	20 cents
Newtech Recycling Inc.	35 cents	30 cents
Take 2 Inc.	36 cents	26 cents
