Award Description The purpose of this grant is to provide sub-grants to 142 Connecticut Municipalities not eligible for direct grants from U.S. DOE under a formula grant program and to provide competitive opportunities for all 169 Connecticut municipalities to partner to implement projects of regional scope. All funds under these sub-grant programs will be used to fund energy efficiency and conservation projects consistent with the allowable activities under U.S. DOE FOA DE-FOA-0000013. Sub-grantees are to use funds under this grant to create and implement strategies to: 1) reduce fossil fuel emissions in a manner that is environmentally sustainable and, to the maximum extent practicable, maximizes benefits for local and regional

State of Connecticut Energy Efficiency and Conservation Block Grant	NOTE: As of July 1, 2011 a reorganization of state agencies has resulted in the transfer of the energy responsibilities of OPM to the new Department of Energy and Environmental Protection (DEEP). As a result of this reorganization, a small delay in payments to subgrantees was experienced. Payments should resume normal pace beginning in the next quarter. Subgrantees continued to make progress on implementation of their projects. Staff continued to make site visits to towns to review project status and ensure compliance with grant award conditions. DOE conducted a site visit to the State on its overall performance and status under the grant. Site visits to subgrantee projects were coordinated to provide federal representatives a chance to see ARRA undertakings first hand.
