Scanned/ Faxed copies are accepted and encouraged

1. Applicant Information

Name of Organization: [Click here to enter text.](#)
Name of Primary Contact: [Click here to enter text.](#)
Title: [Click here to enter text.](#)
E-Mail Address: [Click here to enter text.](#)
Address: [Click here to enter text.](#)
Phone: [Click here to enter text.](#) Fax: [Click here to enter text.](#)

Communications Contact:

Name: [Click here to enter text.](#)
Phone: [Click here to enter text.](#)
E-Mail: [Click here to enter text.](#)

2. Award Category (place an "X" beside the category of award you are applying for):

- Gold Award*: more than 20% reduction in electricity demand (kW) & consumption (kWh)
- Silver Award*: 10-20% reduction in electricity demand (kW) & consumption (kWh)
- Bronze Award*: 5-10% reduction in electricity demand (kW) & consumption (kWh)
- Peak Performer*: Participant with the highest achievement for that summer period (May 1 to September 30) in ISO New England's Load Response Program, without the use of back up diesel generation

In addition, a *Platinum Award* will be given for the most outstanding achievement from among all of the Connecticut Summer Saver (CSS) awardees in a given season, to the participant with the greatest reduction in electricity consumption (kWh) and/or demand (kW).

3. List of Buildings and Facilities:

Name	Building Type	Address	Town/Location

4. Description of Conservation / Energy Efficiency / Technology Improvements:

Brief description of actions, measures and/or technologies implemented to improve energy efficiency and/or provide a clean alternative power source that resulted in reductions of central generation electricity demand and consumption :

5. Electricity Demand & Consumption Tracking Data (Please enter data from each building's calculation worksheet and total the electricity reductions below):

Name of Building/Facility	Building Total Sq Footage	Current Year May – September (Total Electricity)		Last Year May – September (Total Electricity)		Previous Year May – September (Total Electricity)		
		kW	kWh	kW	kWh	kW	kWh	
Company/Org Totals:								

6. Summary of Verification/Benchmarking Results:

Model used:

- Connecticut Summer Savers Award Calculation Sheet
- Other model: _____

7. Please describe and account for variables or factors that might have affected the outcome of your electricity reduction efforts (reduced hours, change in business type):

8. Tell us about your company. Does your company incorporate sustainable practices, have a green roof, solar panels, or incorporate other energy-saving methods? Let us know what makes your company a good fit for this award.

9. Authorization of Applicant:

By signing this statement, I/we attest that, to the best of my knowledge, the above statements are true and accurate. I/we authorize the examination of utility records to verify the accuracy of the above statements if requested by the state agencies responsible for the evaluation of the Southwest Connecticut Summer Saver Award Program submittal. I/we are amenable to media resulting from this award and photos from the award ceremony to be used in public relations efforts.
