

STATE OF CONNECTICUT

V.

THE NUTMEG CHROME CORPORATION

CONSENT ORDER # WSWDH 13013

Date Issued: March 25, 2013

- A. With the agreement of The Nutmeg Chrome Corporation ("Respondent"), the Commissioner of Energy and Environmental Protection ("the Commissioner") finds:
1. Respondent is a Connecticut corporation, which is or has engaged in the business of chrome and nickel plating at a site located at 111Vanderbilt Avenue, West Hartford, Connecticut ("the site").
 2. The Respondent is or has been a generator of hazardous waste at the site.
 3. Staff from the Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division ("WEED") conducted an inspected at the site on September 20 and 24, 2012. Based upon the inspection, WEED found that the Respondent failed to:
 - a. Provide a hazardous waste container storage area with a secondary containment system, in violation of the Regulations of Connecticut State Agencies ("RCSA") Section 22a-449(c)-102(a)(2)(E), incorporating (with specified changes) Title 40 of the Code of Federal Regulations ("CFR") 264.175. Specifically, the Department found that containers of hazardous waste were being stored in an area near the old nickel sulfamate plating line. This container storage area was not provided with a secondary containment system.
 - b. Maintain personnel training records, in violation of RCSA Section 22a-449(c)-102(a)(2)(K), incorporating 40 CFR 265.16(d). Specifically, the Department found that training records were not being kept at the facility demonstrating that the required hazardous waste training has been given to and completed by facility personnel.
 - c. Describe the signal used to begin evacuation, in violation of RCSA Section 22a-449(c)-102(a)(2)(K), incorporating 40 CFR 265.51(a). Specifically, the Department found that the contingency plan in place at the time of inspection did not describe the signal used to begin evacuation of the facility.

- d. Keep an inspection schedule at the facility, in violation of RCSA Section 22a-449(c)-102(b)(2), incorporating 40 CFR 265.15(b)(2). Specifically, the Department found that an inspection schedule prescribing the type of problems to be inspected at the facility and the frequency of such inspections was not being kept at the facility at the time of inspection. **Note:** DEEP recognizes that the facility was maintaining records demonstrating that inspections were being performed on a weekly basis. However, a written inspection schedule was not being maintained at the facility as required.
 - e. Obtain a permit from the Commissioner prior to accumulating hazardous waste for more than 90 days, in violation of Section 22a-449(c)-102(a)(2)(L) of the RCSA, which incorporates by reference 40 CFR 262.34(b) with specified changes. A generator that accumulates hazardous waste for more than 90 days is an operator of a storage facility and is subject to the requirements of 40 CFR parts 264 and 265 and the permit requirements of 40 CFR part 270 unless he has been granted an extension to the 90-day period. Specifically, the Department found that at the time of the inspection at least 14 drums of hazardous waste had been stored at the facility for greater than 90 days.
4. On November 19, 2012, WEED issued Notice of Violation No. WSWDH12137 to the Respondent to correct the violations corresponding to those cited in subparagraphs A.3.a. through A.3.e. of this consent order.
 5. Based on correspondence submitted to WEED on December 24, 2012 Respondent has corrected the violations corresponding to those listed in subparagraphs A.3.a. through A.3.e. of this consent order.
 6. By virtue of the above, the Respondent has violated RCSA Section 22a-449(c)-100, et. seq.
- B. With the agreement of Respondent, the Commissioner, acting under Sections 22a-6, 22a-131, and 22a-449 of the Connecticut General Statutes (“CGS”), orders Respondent as follows:
1. Compliance Assurance. Respondent shall maintain its compliance with all applicable provisions of the Regulations of Connecticut State Agencies Sections 22a-449(c)-100, et. seq., including but not limited to those regulations applicable to generators of hazardous waste identified in paragraph A.3. above. In particular:
 - a. On or before thirty (30) days after issuance of this consent order, Respondent shall retain one or more qualified consultants acceptable to the Commissioner to prepare the documents and implement or oversee the actions required by this consent order and shall, by that date, notify the Commissioner in writing of the identity of such consultants. Respondent shall retain one or more qualified consultants acceptable to the Commissioner until this consent order is fully complied with, and, within ten (10) days after retaining any consultant other than one originally identified under this paragraph, Respondent shall notify the Commissioner in writing of the identity of such other consultant. Respondent shall submit to the Commissioner a description of a consultant's education, experience and training which is relevant to the work required by this consent order within ten (10) days after a request for such a description. Nothing in this paragraph shall preclude the Commissioner from finding a previously acceptable consultant unacceptable.

- b. On or before sixty (60) days after issuance of this consent order, Respondent shall submit for the Commissioner's review and written approval, a plan detailing additional actions and/or operational changes it has undertaken or will undertake to ensure compliance with Connecticut's hazardous waste management regulations RCSA Section 22a-449(c)-100, et. seq., including, but not limited to, those set forth in paragraph A.3. of this consent order. Within five (5) days after the Commissioner approves such plan, Respondent shall carry out the plan and maintain it in full effect thereafter.
 - c. On or before ninety (90) days after issuance of this consent order, Respondent shall conduct a comprehensive recycling review of the facility to evaluate compliance with Connecticut's recycling laws set forth in CGS Section 22a-241b(d), and shall submit for the Commissioner's review and written approval a Business Recycling Profile documenting the management of recyclable materials at each facility. Refer to the enclosed Business Recycling Profile (Attachment A).
2. Status of Notice of Violation (NOV) No. WSWDH12137 This consent order supersedes NOV No. WSWDH12137.
 3. Full compliance. Respondent shall not be considered in full compliance with this consent order until all actions required by this consent order have been completed as approved and to the Commissioner's satisfaction.
 4. Civil penalty. Respondent shall pay a penalty of **four thousand two hundred seventy dollars (\$4,270)** as the total civil penalty to be sought by the Commissioner for those, and only those, violations described in paragraph A.3. of this consent order. The penalty shall be paid in two separate installments as follows: Respondent shall make a payment of **two thousand one hundred thirty-five dollars (\$2,135)** each on April 1, 2013 and July 1, 2013.
 5. Supplemental Environmental Project. In addition to the penalty referenced in paragraph B.4. above, Respondent has agreed to fund a supplemental environmental project ("SEP") or projects acceptable to the Department according to its February 15, 1996 "Policy on Supplemental Environmental Projects." Therefore, Respondent shall pay **four thousand two hundred fifty-five dollars (\$4,255)** to the Statewide SEP Account. The payments shall be made in two separate installments as follows: Respondent shall make a payment of **two thousand one hundred thirty dollars (\$2,130)** on October 1, 2013 and a payment of **two thousand one hundred twenty-five dollars (\$2,125)** on January 1, 2014. Any payments under this paragraph shall be mailed or personally delivered to the Department of Energy and Environmental Protection, Bureau of Financial and Support Services, Accounts Receivable Office, 79 Elm Street, Hartford, Connecticut 06106-5127, and shall be by certified or bank check payable to the "Connecticut Department of Energy and Environmental Protection," with notation thereon "Statewide SEP Account" and the consent order number identified on the first page of the Consent Order. A copy of the check and any transmittal letter shall also be sent to Ms. Julie Dutton, Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division at the same address.
 - a. Respondent shall not claim or represent that any SEP payment made pursuant to this consent order constitutes an ordinary business expense or charitable contribution or any other type of tax deductible expense, and Respondent shall not seek or obtain any other tax benefit such as a tax credit as a result of the payment under this paragraph.

- b. If and when Respondent disseminates any publicity, including but not limited to any press releases regarding funding a SEP, Respondent shall include a statement that such funding is in partial settlement of an enforcement action brought by the Commissioner.
6. Payment of penalties. Payment of penalties under this consent order shall be mailed or personally delivered to the Department of Energy and Environmental Protection, Bureau of Financial and Support Services, Accounts Receivable Office, 79 Elm Street, Hartford, CT 06106-5127, and shall be by certified or bank check payable to the "Connecticut Department of Energy and Environmental Protection". The check shall state on its face, "Bureau of Materials Management and Compliance Assurance, Waste Engineering and Enforcement Division civil penalty" and the consent order number identified on the first page of the Consent Order. A copy of the check and any transmittal letter shall also be sent to Ms. Julie Dutton in the Bureau of Materials Management and Compliance Assurance at the same address.
7. Sampling and sample analyses. All sampling and sample analyses which, are required by this consent order and all reporting of such sample analyses shall be conducted by a laboratory certified by the Connecticut Department of Public Health to conduct such sampling and analyses. All sampling and sample analyses performed under this order shall be performed in accordance with procedures specified or approved in writing by the Commissioner, or, if no such procedures have been specified or approved, in accordance with EPA document SW-846. Unless otherwise specified by the Commissioner in writing, the value of each parameter shall be reported to the maximum level of precision and accuracy specified in the applicable protocol, and if no such level is specified, to the maximum level of precision and accuracy possible.
8. Approvals. Respondent shall use best efforts to submit to the Commissioner all documents required by this consent order in a complete and approvable form. If the Commissioner notifies Respondent that any document or other action is deficient, and does not approve it with conditions or modifications, it is deemed disapproved, and Respondent shall correct the deficiencies and resubmit it within the time specified by the Commissioner or, if no time is specified by the Commissioner, within thirty (30) days of the Commissioner's notice of deficiencies. In approving any document or other action under this consent order, the Commissioner may approve the document or other action as submitted or performed or with such conditions or modifications as the Commissioner deems necessary to carry out the purposes of this consent order. Nothing in this paragraph shall excuse noncompliance or delay.
9. Definitions. As used in this consent order, "Commissioner" means the Commissioner or a representative of the Commissioner.
10. Dates. The date of "issuance" of this consent order is the date the consent order is deposited in the U.S. mail or personally delivered, whichever is earlier. The date of submission to the Commissioner of any document required by this consent order shall be the date such document is received by the Commissioner. The date of any notice by the Commissioner under this consent order, including but not limited to notice of approval or disapproval of any document or other action, shall be the date such notice is deposited in the U.S. mail or is personally delivered, whichever is earlier. Except as otherwise specified in this consent order, the word "day" as used in this consent order means calendar day. Any document or action which is required by this consent order to be submitted or performed by a date which falls on a Saturday, Sunday or a Connecticut or federal holiday shall be submitted or performed by the next day which is not a Saturday, Sunday or Connecticut or federal holiday.

11. Certification of documents. Any document, including but not limited to any notice, which is required to be submitted to the Commissioner under this consent order shall be signed by Respondent or, if Respondent is not an individual, by Respondent's chief executive officer or a duly authorized representative of such officer, as those terms are defined in §22a-430-3(b)(2) of the Regulations of Connecticut State Agencies, and by the individual(s) responsible for actually preparing such document, and each such individual shall certify in writing as follows:

"I have personally examined and am familiar with the information submitted in this document and all attachments thereto, and I certify, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining the information, that the submitted information is true, accurate and complete to the best of my knowledge and belief. I understand that any false statement made in the submitted information may be punishable as a criminal offense under §53a-157b of the Connecticut General Statutes and any other applicable law."

12. Noncompliance. This consent order is a final order of the Commissioner with respect to the matters addressed herein, and is nonappealable and immediately enforceable. Failure to comply with this consent order may subject Respondent to an injunction and penalties.
13. False statements. Any false statement in any information submitted pursuant to this consent order may be punishable as a criminal offense under §53a-157b of the Connecticut General Statutes and any other applicable law.
14. Notice of transfer; liability of Respondent. Until Respondent has fully complied with this consent order, Respondent shall notify the Commissioner in writing no later than fifteen (15) days after transferring all or any portion of the facility, the operations, the site or the business which is the subject of this consent order or after obtaining a new mailing or location address. Respondent's obligations under this consent order shall not be affected by the passage of title to any property to any other person or municipality.
15. Commissioner's powers. Except as provided hereinabove with respect to payment of civil penalties pursuant to this consent order, nothing in this consent order shall affect the Commissioner's authority to institute any proceeding or take any other action to prevent or abate violations of law, prevent or abate pollution, recover costs and natural resource damages, and to impose penalties for past, present, or future violations of law not otherwise addressed by this consent order. If at any time the Commissioner determines that the actions taken by Respondent pursuant to this consent order have not successfully corrected all violations, fully characterized the extent or degree of any pollution, or successfully abated or prevented pollution, the Commissioner may institute any proceeding to require Respondent to undertake further investigation or further action to prevent or abate violations or pollution.
16. Respondent's obligations under law. Nothing in this consent order shall relieve Respondent of other obligations under applicable federal, state and local law.
17. No assurance by Commissioner. No provision of this consent order and no action or inaction by the Commissioner shall be construed to constitute an assurance by the Commissioner that the actions taken by Respondent pursuant to this consent order will result in compliance or prevent or abate pollution.

18. Access to site. Any representative of the Department of Energy and Environmental Protection may enter the site without prior notice for the purposes of monitoring and enforcing the actions required or allowed by this consent order.
19. No effect on rights of other persons. This consent order neither creates nor affects any rights of persons or municipalities that are not parties to this consent order.
20. Notice to Commissioner of changes. Within fifteen (15) days of the date Respondent becomes aware of a change in any information submitted to the Commissioner under this consent order, or that any such information was inaccurate or misleading or that any relevant information was omitted, Respondent shall submit the correct or omitted information to the Commissioner.
21. Notification of noncompliance. In the event that Respondent becomes aware that it did not or may not comply, or did not or may not comply on time, with any requirement of this consent order or of any document required hereunder, Respondent shall immediately notify by telephone the individual identified in the next paragraph and shall take all reasonable steps to ensure that any noncompliance or delay is avoided or, if unavoidable, is minimized to the greatest extent possible. Within five (5) days of the initial notice, Respondent shall submit in writing the date, time, and duration of the noncompliance and the reasons for the noncompliance or delay and propose, for the review and written approval of the Commissioner, dates by which compliance will be achieved, and Respondent shall comply with any dates which may be approved in writing by the Commissioner. Notification by Respondent shall not excuse noncompliance or delay, and the Commissioner's approval of any compliance dates proposed shall not excuse noncompliance or delay unless specifically so stated by the Commissioner in writing.
22. Submission of documents. Any document required to be submitted to the Commissioner under this consent order shall, unless otherwise specified in this consent order or in writing by the Commissioner, be directed to:

Mr. Paul Franson, Environmental Analyst 3
Bureau of Materials Management and Compliance Assurance
Waste Engineering and Enforcement Division
Department of Energy and Environmental Protection
79 Elm Street
Hartford, Connecticut 06106-5127

Respondent consents to the issuance of this consent order without further notice. The undersigned certifies that he/she is fully authorized to enter into this consent order and to legally bind the Respondent to the terms and conditions of the consent order.

Business Recycling Profile

In Connecticut, recycling is mandatory. Connecticut General Statutes and the Regulations of Connecticut State Agencies require designated items to be recycled by everyone. Every resident, business, government facility, school, college, hospital, institution, etc. is required by law to recycle glass & metal food and beverage containers, plastic containers #1 and #2*, boxboard*, corrugated cardboard, magazines*, newspaper, white office paper, colored office paper*, scrap metal, Ni-Cd rechargeable batteries, used crankcase oil, lead acid batteries, leaves and grass clippings.

Recycling these items is a critical action we can all take to move the State towards achieving our recycling rate of 58% by 2024 as stated in the amended December 2006 CT State Solid Waste Management Plan. Complying with the state recycling laws has tremendous environmental benefits such as conserving natural resources, reducing pollutants emitted to our air and water; conserving energy, reducing greenhouse gas emissions, and eliminating the need for new solid waste disposal facilities.

This form is a guidance document to help businesses better manage their recycling program and increase recovery efforts. This form does not need to be submitted to the Connecticut Department of Energy and Environmental Protection (DEEP) unless it is requested, in response to an inspection and/or an enforcement action. For more recycling resources please visit our Business Recycling Resources webpage.

Part V: Recycling & Recovery Programs Planned

Please use the table below to describe future recycling efforts and how compliance with the mandatory items, if not already recovered for recycling, will be achieved.

IDEA / MATERIAL	ESTIMATED GENERATION RATE	HOW AND WHERE WILL THE MATERIAL BE COLLECTED?	WHO WILL PICK-UP THIS MATERIAL? FINAL/END MARKET?	WHEN WILL PROGRAM BE IMPLEMENTED?
<p><i>EXAMPLE:</i> Food and Beverage containers (glass, metal and plastic)</p>	<p>25 gallons/month</p>	<p>Will place barrel in break room; janitorial staff will empty and remove materials to a larger container on our loading dock.</p>	<p>There are a lot of 5¢ deposit containers. We're looking into having a local non-profit organization collect them for free and redeem the deposits.</p>	<p>We will start this program by August 8, 2008 (2 weeks from now).</p>
<p><i>EXAMPLE:</i> 55 gallon drums</p>	<p>10/week</p>	<p>We generate 55 gallon drums, which contained non-hazardous substances. We stockpile them outside the plant until we have 50 drums.</p>	<p>Working with XYZ, a company that recconditions the drums. We've found this to be more cost effective than recycling them at this time.</p>	<p>We've already started collecting and expect our first pick up to be next week (June 5, 2008)</p>

Part V: Recycling & Recovery Programs Planned (continued)

IDEA / MATERIAL	ESTIMATED GENERATION RATE	HOW AND WHERE WILL THE MATERIAL BE COLLECTED?	WHO WILL PICK-UP THIS MATERIAL? FINAL/END MARKET?	WHEN WILL PROGRAM BE IMPLEMENTED?
<p><i>EXAMPLE:</i> 5 gallon buckets</p>	<p>15-30 buckets/month</p>	<p>We generate buckets (contained non-hazardous substances) and cannot use them. Will rinse and stack (with lids) off to side of loading dock.</p>	<p>We're trying to secure a connection with a local reuse center or distribute via materials exchange program.</p>	<p>We hope to start this program by the end of August 2008</p>

Reminder: This form is only required to be submitted when requested by DEEP.

When requested by DEEP, please include photos of your recycling bins and containers and any copies of recycling/waste contract. If you have additional pages or items to help explain/show successes in your waste recycling/recovery efforts, please attach those as well including brochures, flyers, employee educational materials, etc.
