 1. Retention of Structures. Respondents may retain the stone stacked seawall and stone slate boat ramp described in paragraph A.2., above, pending a final determination, including a final determination on any appeal, of the Certificate of Permission (COP) application #201505948-TS, identified in paragraph B.2., below.
 2. COP Application Decision. In the event that the Commissioner's final determination on the COP application #201505948-TS, requires modification or removal of the structures described in paragraph A.2., above, Respondents shall, not later than 30 days following issuance of any final decision, submit a timetable to the Commissioner for his review and written approval for the modification or removal of the existing structure(s) in accordance with the terms and conditions of such final decision. Upon the Commissioner's written approval, the Respondents shall remove such structures in accordance with the approved timetable and final decisions.
 4. No Additional Work. Respondents shall not conduct any work waterward of the coastal jurisdiction line or in tidal wetlands at the site without prior written authorization of the Commissioner in accordance with CGS sections 22a-361 and 22a-32.

 6. Supplemental Environmental Project.
 - a. The Respondents have agreed to fund a supplemental environmental project ("SEP") or projects as selected by the Department according to its February 15, 1996 "Policy on Supplemental Environmental Projects." Therefore, on or before thirty (30) days after the date of issuance of this Consent Order, the Respondents shall pay \$2,500 to the Long Island Sound SEP Account.  - c. The Respondents shall not claim or represent that any SEP payment made pursuant to this Consent Order constitutes an ordinary business expense or charitable contribution or any other type of tax deductible expense, and the Respondents shall not seek or obtain any other tax benefit such as a tax credit as a result of the payment under this paragraph.
 - d. If and when the Respondents disseminate any publicity, including but not limited to any press releases regarding funding a SEP, the Respondents shall include a statement that such funding is in partial settlement of an enforcement action brought by the Commissioner.

In approving any document or other action under this Consent Order, the Commissioner may approve the document or other action as submitted or performed or with such conditions or modifications as the Commissioner deems necessary to carry out the purposes of this Consent Order. Nothing in this paragraph shall excuse noncompliance or delay.

In so notifying the Commissioner, Respondents shall state in writing the reasons for the noncompliance or delay and propose, for the review and written approval of the Commissioner, dates by which compliance will be achieved, and Respondents shall comply with any dates which may be approved in writing by the Commissioner. Notification by Respondents shall not excuse noncompliance or delay. A future owner of the site may be subject to the issuance of an Order from the Commissioner.
16. Commissioner's powers. Nothing in this Consent Order shall affect the Commissioner's authority to institute any proceeding or take any action to prevent or abate violations of law, prevent or abate pollution, recover costs and damages for adverse impacts to natural resources and to impose penalties for violations of law, including but not limited to violations of any permit issued by the Commissioner. If at any time the Commissioner determines that the actions taken by Respondents pursuant to this Consent Order have not successfully corrected all violations, the Commissioner may institute any proceeding to require Respondents to undertake further investigation or further action to correct violations.
