Seasonal Employment Opportunities

The Department of Energy and Environmental Protection offers seasonal employment opportunities at various locations throughout the State of Connecticut. The department recruits for positions that include maintenance workers, lifeguards, park aids, interpretive guides, first aid attendants, resource assistants, seasonal maintainers, office assistants and Seasonal Special Conservation Officers. Some seasonal employees assist DEEP professional staff in research projects for forestry, fisheries and wildlife management. Seasonal employees are paid at an hourly rate which depends on the duties performed and their prior experience. The majority of seasonal employees are hired for the period between April and November. Limited numbers of positions are available during other periods of the year.
