

**UNIVERSITY OF CONNECTICUT
COOPERATIVE EXTENSION SYSTEM
PESTICIDE APPLICATOR RECERTIFICATION
MEETING SCHEDULE
2018-2019**

Many of the following meetings will be sponsored or co-sponsored by the Cooperative Extension System and will qualify for recertification credit. Every effort should be made to attend a meeting that corresponds to your certification category. In the event that this is not possible you should attend a general recertification meeting. All general recertification meetings will offer recertification credit to both private and commercial supervisory applicators. To register for a meeting, or if you have questions call, or e-mail the contact listed.

Please note:

If fewer than 8 people sign up for the Worker Protection Standard training the meeting will be cancelled, so be sure to register.

IT IS IMPORTANT TO KNOW THAT: If your license expires on 1/31/2019, and you fail to send your credit slips and your recertification application and fee to DEEP prior to 1/31/2019, you will have to begin again with the certification exam process which costs \$200.
