

**APPENDIX 1.**  
**Water Quality Certification - Inland Waters, Wetlands, and Watercourses**  
**Department of the Army - General Permits for the State of Connecticut**  
**WQC-201607149**

	<b>Self-Verification (SV)</b>	<b>Prior Construction Notification (PCN)</b>
<b>GP 2. Repair or Maintenance of Existing Currently Serviceable, Authorized or Grandfathered Structures &amp; Fills</b>	<p>Granted for impacts to inland waters/wetlands; subject to conditions of the water quality certification and restrictions below.</p> <p>Drawdown does not exceed 18 months and one growing season (April through September)</p> <p>Stream, river, brook or other watercourse crossings are not eligible for Section 401 Water Quality Certification under GP 2. (See GP 19.)</p>	<p>Granted for impacts to inland waters/wetlands not exceed 0.5 acre; subject to conditions of the water quality certification and the restrictions below.</p> <p>Drawdown does not exceed 18 months and one growing season (April through September)</p> <p>Stream, river, brook or other watercourse crossings are not eligible for Section 401 Water Quality Certification under GP 2. (See GP 19.)</p>
<b>GP 5. Boat Ramps &amp; Marine Railways</b>	Granted for impacts to inland waters/wetlands; subject to conditions of the water quality certification.	Granted for impacts to inland waters/wetlands not exceed 0.5 acre; subject to conditions of the water quality certification.
<b>GP 6. Utility Line Activities</b>	Granted for impacts to inland waters/wetlands; subject to conditions of the water quality certification.	Granted for impacts to inland waters/wetlands that do not exceed 0.5 acre; subject to conditions of the water quality certification.
<b>GP 7. Dredging, Disposal of Dredged Material, Beach Nourishment; Rock Removal &amp; Rock Relocation</b>	<b>Denied</b>	Granted subject to conditions of the water quality certification
<b>GP 9. Shoreline &amp; Bank Stabilization Projects</b>	<p>Granted for shoreline stabilization not to exceed 50 feet in total length; subject to conditions of the water quality certification.</p> <p>Granted for stream, river, or brook bank stabilization not to exceed 50 feet in total length for one stream bank or 50 feet cumulative length for both stream banks; subject to conditions of the water quality certification.</p>	<p>Granted for shoreline stabilization not to exceed 100 feet in total length; subject to conditions of the water quality certification.</p> <p>Granted for stream, river, or brook bank stabilization not to exceed 100 feet in total length for one stream bank or 100 feet cumulative length for both stream banks; subject to conditions of the water quality certification.</p>
<b>GP 10. Aquatic Habitat Restoration, Establishment &amp; Enhancement Activities</b>	<b>Denied</b>	Granted subject to conditions of the water quality certification

<b>GP 11. Fish &amp; Wildlife Harvesting, Enhancement &amp; Attraction Devices &amp; Activities</b>	<p>Granted for fish and wildlife harvesting devices; subject to conditions of the water quality certification.</p> <p>Denied for impoundment(s) or semi-impoundment(s) of water.</p>	<p>Granted for fish and wildlife harvesting devices; subject to conditions of the water quality certification.</p> <p>Denied for impoundment(s) or semi-impoundment(s) of water.</p>
<b>GP 12. Oil Spill &amp; Hazardous Material Cleanup</b>	Waived	Waived
<b>GP 13. Cleanup of Hazardous &amp; Toxic Waste</b>	Waived	Waived
<b>GP 14. Scientific Measurement Devices</b>	Waived	Waived
<b>GP 15. Survey Activities</b>	Waived	Waived
<b>GP 17. New/Expanded Developments &amp; Recreational Facilities</b>	<p>Granted for impacts to inland waters/wetlands; subject to conditions of the water quality certification and the restrictions below.</p> <p>Stream, river, brook or other watercourse crossings are not eligible for Section 401 Water Quality Certification under GP17. (See GP 19.)</p>	<p>Granted for impacts to inland waters/wetlands not to exceed 0.5 acre; subjected to conditions of the water quality certification and the restrictions below.</p> <p>Denied for new roadway and driveway crossings in wetlands.</p> <p>Stream, river, brook or other watercourse crossings are not eligible for Section 401 Water Quality Certification under GP 18. (See GP 19.)</p>
<b>GP 18. Linear Transportation Projects</b>	<p>Granted for impacts to inland waters/wetlands; subjected to conditions of the water quality certification and the restrictions below.</p> <p>Stream, river, brook or other watercourse crossings are not eligible for Section 401 Water Quality Certification under GP 18. (See GP 19.)</p>	<p>Granted for impacts to inland waters/wetlands not to exceed 0.5 acre; subjected to conditions of the water quality certification and the restrictions below.</p> <p>Denied for new roadway and driveway crossings in wetlands.</p> <p>Stream, river, brook or other watercourse crossings are not eligible for Section 401 Water Quality Certification under GP 18. (See GP 19.)</p>

**WQC-201607149**

<p><b>GP 19. Stream, River &amp; Brook Crossing</b></p>	<p>Granted for stream, river, brook or other watercourse crossings by means of a BRIDGE or OPEN-BOTTOM STRUCTURE that meets the following standards:</p> <ul style="list-style-type: none"> <li>• spans at least 1.25 times the watercourse bank full width,</li> <li>• allows for the continuous, uninterrupted flow of the 100-year frequency storm flows,</li> <li>• no riprap is placed within the bed of the brook; and</li> </ul> <p>subject to conditions of the water quality certification.</p> <p>Denied for stream, river, brook and other watercourse crossings that do not meet the standards above.          Denied for culvert slip lining.          Denied for wetland crossings.</p>	<p>Granted for stream, river or brook crossings that receive Connecticut Department of Energy and Environmental Protection (CT DEEP) approval through an established cooperative interagency LEAN pre-application screening process jointly conducted by the Connecticut Department of Transportation (CT DOT) and CT DEEP; subject to conditions of the water quality certification and the restrictions below.</p> <p>Associated contiguous stream bank stabilization not to exceed 50 feet in length.</p> <p>Denied for all other stream, river and brook crossings.          Denied for wetland crossings.</p>
<p><b>GP 20. Energy Generation &amp; Renewable Energy Generation Facilities &amp; Hydropower Projects</b></p>	<p style="text-align: center;"><b>Denied</b></p>	<p style="text-align: center;"><b>Denied</b></p>
<p><b>GP 21. Mining Activities</b></p>	<p style="text-align: center;"><b>Denied</b></p>	<p style="text-align: center;"><b>Denied</b></p>
<p><b>GP 22. Temporary Fill Not Associated With a Project Within Corps Jurisdiction</b></p>	<p>Granted for impacts to inland waters/wetlands; subject to conditions of the water quality certification.</p>	<p>Granted for impacts to inland waters/wetlands not to exceed 0.25 acre; subject to conditions of the water quality certification.</p>
<p><b>GP 23. Agricultural Activities</b></p>	<p style="text-align: center;"><b>Denied</b></p>	<p style="text-align: center;"><b>Denied</b></p>
