

FREE Training Workshop to Support the CT Reuse and Recycling Industries

Best Practices for Bed Bug Management of Used Mattresses, Bedding, and Upholstered Furniture Businesses

Photo: Michael Thomas CAES

**Thursday, November 21
1 PM—3 PM**

**Chapman Hall, Room 808C&D
Middlesex Community College
100 Training Hill Road
Middletown, CT**

Who Should Attend?

- Furniture consignment & thrift store staff
 - Furniture bank staff and volunteers
- Solid waste & recycling transfer station attendants
- Waste haulers & junk collectors that handle used furniture or mattresses
- Mattress recyclers & refurbishers/remanufacturers
 - Mattress retailers who handle used mattresses
- Students, sustainability professionals

This workshop is designed for reuse, resale, and recycling industries of Connecticut. Learn about self protection, identification, and appropriate management for bed bugs in industry settings. Certificate provided upon completion.
