<b>PROJECT TITLE AND DESCRIPTION</b> STIMULUS - CT LUST Per your application request dated July 7, 2009, this cooperative agreement is being awarded to provide American Recovery and Reinvestment Act funds as an additional financial assistance source for the recipient's efforts to assess and cleanup petroleum releases from leaking underground storage tanks (LUST) sites in Connecticut. The cooperative agreement will fund several activities, such as: shovel-ready projects (sites ready for assessment and cleanup) that are typically orphan or abandoned sites, where the owners/operators of the sites are unknown or unable to pay, of which there are approximately 200,000 in the U.S., and staff management and oversight activities that will leverage additional cleanups. The overall purpose is to clean up contaminated LUST sites effectively, maximize job creation/retention, and provide economic and environmental benefits to the citizens of Connecticut.
