

Resources Recovery Task Force
Public Comment Session
November 19, 5-6 p.m.
Phoenix Auditorium, DEEP Offices, 79 Elm Street, Hartford, CT

The Resources Recovery Task Force was established by the legislature in [P.A. 13-285](#) to study the operations, financial stability, and business models of resource recovery facilities operating in Connecticut. All Task Force documents are accessible online at www.ct.gov/deep/rtrf.

The Connecticut Department of Energy and Environmental Protection welcomes public comments related to the resource recovery and “waste-to-energy” industry in the state. Your comments will assist the Resources Recovery Task Force in carrying out its mission.

Each speaker will be limited to three minutes; however the Task Force will also accept and review written comments. Please submit written comments to Lee Sawyer at lee.sawyer@ct.gov.

For questions about the comment session, please call Lee Sawyer at 860-899-7821.
