

## Memorandum

**To:** All Connecticut Municipalities, Water Pollution Control Facilities, and Consultants

**Date:** October 10, 2013

**Re:** Draft Protocol for use of a Project Labor Agreement on Clean Water Funded Projects

---

The Department of Energy and Environmental Protection's (DEEP) Municipal Water Pollution Control Section has prepared a draft memorandum for your review and feedback. This Clean Water Fund Memorandum addresses implementation procedures related to Public Act 12-70 which establishes a permissive authorization for the use of Project Labor Agreements (PLAs) by public entities. In addition, this draft Memorandum proposes parameters for use of PLAs when receiving a Clean Water Fund grant or loan.

Please provide comments on the draft memo on or before November 12, 2013 to Patty Gilmore at [patty.gilmore@ct.gov](mailto:patty.gilmore@ct.gov).

Thank you for taking the time to help us get the word out and establish a consistent process for the use of PLAs in Clean Water Funded projects.

If you have any questions please do not hesitate to call me at 860-424-3853.

Sincerely,

Denise Ruzicka  
Director of Planning & Standards  
Bureau of Water Protection & Land  
Reuse
