

**State of Connecticut**  
**GENERAL ASSEMBLY**  
STATE CAPITOL  
HARTFORD, CONNECTICUT 06106-1591

January 22, 2013

To whom it may concern:

We deeply appreciate the effort the Department of Energy and Environmental Protection has made to set standards for phosphorous which protect our water supply without placing an inordinate burden on the taxpayers of Southington.

We fully support the statewide collaborative response outlined in Public Act 12-155, and we trust that DEEP will continue to work closely with affected municipalities to develop an approach which benefits us all.

We thank you for your time, your hard work, and your sensitivity to the concerns of our constituents. If you have questions, or if we can be of service in any way, please feel free to contact us.

Sincerely,

Joe Markley
