WILDLIFE DIVISION  
TO ALL NUISANCE WILDLIFE CONTROL OPERATORS & DIRECTORY USERS

In situations where there has been human exposures to potentially rabid wild animals, persons should be informed to wash the exposed area with soap and water and to immediately contact their doctor or emergency clinic and local health official. In the event of domestic animal exposure, persons should be informed to wear gloves when handling their pet and to isolate their pet from contact with other pets and people for a minimum of several hours. The person should then contact their veterinarian and local animal control officer. Exposure is defined as a bite, scratch or contamination of an open wound or mucous membrane (eyes, nose, mouth) with saliva or nerve tissue from a suspect animal. Additional information can be obtained from the following numbers:
