INTERNSHIP PROGRAM

The Department of Emergency Management and Homeland Security (DEMHS) offers an internship program to acquaint higher education students with Connecticut's Emergency Management and Homeland Security activities.

An intern may be placed in any of the DEMHS facilities including but not limited to Regional Offices, the Emergency Operations Center, Headquarters at 25 Sigourney Street, the Connecticut Intelligence Center (CTIC), or the Urban Search and Rescue Office and assigned to a DEMHS supervisor or designated staff member. Every effort will be made to make an assignment close to the student's residence and that also matches the interest and needs of both the student and DEMHS.

Basic Requirements for an Internship:

- The applicant must have completed at least one full year of college and must be in good standing academically.
- All students applying for an internship are subject to a background check.
- A summer intern must commit to a minimum of three days a week for four weeks.
- Students who are doing a for-credit internship during the academic year must comply with their schools' requirements for academic credit and be supervised by a faculty member working closely with DEMHS Supervisory staff.
- Interns must maintain strict confidentiality about any of the information that they might be given access to during their internship.
- Interns at all times must dress appropriately and maintain the schedule that has been approved by both the institute of higher education and DEMHS.

An Intern's Duties

Depending on a student's aptitude, level of education, expertise, and interest, duties will be assigned within DEMHS that will enhance the student's educational experience and be the most beneficial to DEMHS.
