Memo

To: Stephen Verbil, DESPP Emergency Telecommunications Manager
From: Rick Lynn, Planning Director 
Date: 6/21/2013
Re: NPRC, Docket 13-01

The Litchfield Hills Council of Elected Officials met with the Executive Director of Litchfield County Dispatch at a recent meeting and discussed Docket Number 13-01. Both the LHCEO and LCD have concerns about the proposed regulatory change as it could adversely affect the level of state funding support that LCD now receives.

LCD is one of the largest and most successful PSAPs in Connecticut and the LHCEO does not believe the state funding formula should be changed in any way that adversely affects the level of state funding support now received by LCD. Please maintain the existing reimbursement structure and level of funding for LCD as it provides a critical community function in our regional area and is an example of a highly effective and efficient regional PSAP.

Thank you for your consideration.

RL
