**Re: DSET Docket 13-01**

To Whom It May Concern:

I am writing as Chief Elected Official of Plainfield. I am adamantly opposed to any reduction in funding for all the existing PSAP/dispatch systems. Why are there always new threats to these centers, which have proven over and over again to be highly effective and always mindful of budget restraints? The State at one time made honest commitments to these dispatch centers and formed well-working partnerships. Today, all this is about is to work the other way and pass on expense to the local Taxpayer in order that the State can take the money and apply it somewhere else.

As Chief Elected Official of Plainfield, it's always another drama concerning PSAP/dispatch centers. These centers represent some of the finest operators to be found anywhere, including the professional employees who take their jobs seriously. Again, I am adamantly opposed to any reduction in funding.

Sincerely,

Raul E. Sweet

First Selectman
